SUPPLEMENTARY INFORMATION: In March 2021, the Pacific Council directed the CCCT to brief Pacific Council advisory body members in advance of the September 2021 Pacific Council meeting on its findings and recommendations from the outcomes of

the Fishery Ecosystem Plan Climate and Communities Initiative. The CCCT is preparing a report on Initiative outcomes, which will be included in the advance briefing materials for the September Pacific Council meeting. The CCCT Co-Chairs will provide an overview of the results of the Initiative and the Team's recommendations for potential follow-on activities. The Pacific Council is expected to review the report and provide guidance on any continuing activities. Other Pacific Council advisory bodies are encouraged to develop their own recommendations; this briefing will provide background information to help in the development of such recommendations by Pacific Council advisory bodies and the public.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.
